GROCERY STORE SOLUTIONS

WE'RE WITH YOU EVERY *DEGREE* OF THE WAY.

From small Corner Stores with a few aisles to large Club Stores with hundreds of aisles, there's at least one thing they all have in common - the ever-changing needs and desires of retail customers. When it comes to refrigeration, we're confident our extensive lineup of temperature-controlled storage solutions can meet the moving demands of Grocery Stores of all sizes.

We understand the importance of keeping your shoppers satisfied while simultaneously navigating space and labor constraints. Our new innovative products were designed with those exact needs in mind. The PL150 Pallet Load Ice Merchandiser allows you to load 1000's of pounds of ice in just minutes. The S100 Reach-In Storage Freezers allows you to add additional cold storage outside away from paying customers. The Refrigerated Online Grocery Pickup options allow for an organized and seamless grocery pickup fulfillment process.

SPECIALTY WALK-INS

REFRIGERATED ONLINE GROCERY PICKUP

Do it the easy way. Leer's Refrigerated Online Grocery Pickup solutions save you time, energy and valuable real estate by providing precisely configured refrigerated storage space. Engineered in partnership with leading grocery tote bin manufacturers, the interior space is optimized so that the maximum number of orders can be stored at point of need, eliminating unnecessary steps, and minimizing any risk of spoilage.

BEER CAVES

Beer Caves provide the most visible and hands-on experience with merchandise, allowing your shoppers to view your latest selection of beers and beverages from outside or inside the Walk-In. Designed to increase sales, decrease stocking times and increase storage capacities. And, of course providing your customers with a refreshing cold beer.

FLORAL COOLERS

Floral Coolers are the perfect combination of preservation and visibility. The typical large windows and doors allow for the colorful flowers to capture the attention of the shopper. All while the precise temperature-controlled storage protects the flowers, ensuring your customers go home with the freshest possible flowers.

DISPLAY COOLERS

Fully customizable to meet your Grocery Store's needs from the dairy aisle to beverages. Temperature, shape, size, numbers of doors, and amount of storage are just some of the options you can order your way to fit your store.

LARGE COLD STORAGE

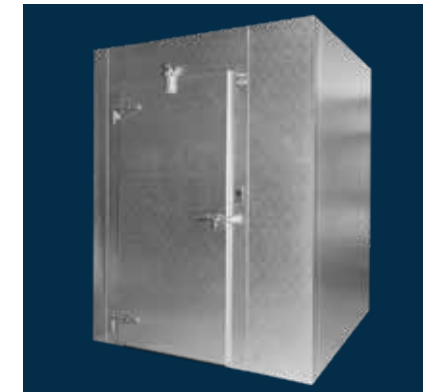

Need additional bulk storage? All the function without the bells and whistles. Let Leer focus on the temperature-controlled storage solutions while you stay focused on your stores needs.

STANDARD WALK-INS

Every Grocery Store has a variety of products they need to keep cold or frozen. Whether you're merchandising or storing inventory, Leer manufactures Custom, Quick Ship, Indoor, and Outdoor Walk-In Coolers & Freezers across our lineup of Soft Rail, Wood Rail, and High-Density Rail Walk-Ins to make sure you find the right solution for your needs.
